

# Community Contribution - New Business Transaction Row Counter Plugin

Business Transaction

Name	Group
Splitting Transaction	user99
Splitting Transaction	demouser
Splitting Transaction	user66
Splitting Transaction	user34
Splitting Transaction	user83
Splitting Transaction	user30
Splitting Transaction	user29
Splitting Transaction	user86
Splitting Transaction	labuser
Splitting Transaction	user45

Thanks to Daniel Pohanka we can announce another helpful extension to Dynatrace: The [Business Transaction Row Counter Plugin](#) queries a Business Transaction Dashboard to return the number of rows/splittings in the table.

If you have any questions, please leave a comment in our [Plugins and Extension Forum](#).

Have you implemented your own monitoring, alert or task plugin, or do you have a default System Profile or Dashboard that you always use for your projects? If you think that others would benefit from it as well and want to share it, just contact us at [community@dynatrace.com](mailto:community@dynatrace.com)!
