

Transaction Test Types Not Available

Information:

Environment
<ul style="list-style-type: none">• Dynatrace Portal• Web Recorder• Dynatrace Recorder
Symptoms
<ul style="list-style-type: none">• Attempting to add a new test• Only Single Page test types are available
Solution
<p>For a Transaction test to be added, a transaction or script must be available.</p> <p>Within the Dynatrace Portal, use the Web Recorder to record a transaction and provision a test for that transaction.</p> <p>For more advanced scripts (for example, to include JavaScript in the script), use the Dynatrace Recorder to create and upload a script, and provision the test in the Dynatrace Portal once the script is available.</p> <p>For more information, see:</p> <ul style="list-style-type: none">• Using the Web Recorder• Creating Scripts• Saving a Script• Adding Tests
