

# How often the Auto Refresh option refreshes a dashboard

## Information:

Environment
<ul style="list-style-type: none"><li>• Dynatrace Portal</li><li>• My Views</li></ul>

Solution														
<p>In the Dynatrace Portal, the Performance Dashboard, the 3rd Party Services Dashboard, and My Views dashboards have an <b>Auto Refresh</b> setting. When <b>Auto Refresh</b> is enabled, the dashboard is refreshed every 5 minutes.</p> <p>In the Performance Dashboard, how often the data is <i>aggregated</i> depends on the time frame selected for the dashboard.</p>
