

Licenses

Content provided by Dynatrace software is licensed by one of the following three licenses:

Dynatrace EULA

Our End User License Agreement - the same one that covers Dynatrace Diagnostics itself. You can review it [here](#).

Dynatrace Experimental Software License

Dynatrace's Experimental Software License is used for Engineering Preview software. You can review it [here](#).

DynaTrace BSD

DynaTrace's BSD license is used to cover most of the content on the Community Portal. You can review it [here](#).
