

APM Community Webinar on July 30 - Capturing Business and Root Cause Context in dynaTrace 6

Recording is now available on APM University: [Capturing Business and Root Cause Context in dynaTrace 6](#)

Original Announcement

In our next **APM Community Webinar on Capturing Business and Root Cause Context in dynaTrace 6** we will show to use Advanced Sensors and leverage new features like Deep Object Access to extract business data. The webinar is scheduled for **July 30 at 3:00pm (GMT)/10am (EDT)**. Following the webinar, we will have a Q&A session with participants so you can get your questions answered right away.

>> Register now!

If you're unable to attend the webinar, you can watch a recording of this session on the [Compuware APM University](#) a couple of days afterwards. Check out the [webinar calendar page](#) for a full view on past webinars and upcoming topics. If you have any further questions or suggestions for future webinar topics, please drop us a line at apmcommunity@compuware.com!
