

My dynaTrace Trial

Dynatrace AppMon is going to reach the end of support by March 31, 2021!

As the new Dynatrace software intelligence platform has evolved in capability and enterprise-readiness, it's time to retire AppMon & UEM free trial and look to the new, all-in-one Dynatrace solution.

The good news is that you can sign up for the [Dynatrace SaaS Free Trial](#) as well as the [Dynatrace Developer Instance](#) which is available for customers and partners.
